DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

1st Year ECE students actively participated in the “Stories in Colors” activity on 20/12/2025. During the session, students explained the historical significance of colors, their origin, and how different colors evolved over time. They also demonstrated creativity by developing and narrating their own stories using various colors as themes. Additionally, students compared different stages of life with colors and presented humorous and engaging stories, making the activity both informative and enjoyable.
