DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

PVKKIT Polytechnic III Year ECE Students visited on 24/02/2026 industrial visit to *ISRO (Indian Space Research Organisation)* provides Diploma ECE students with an excellent opportunity to learn beyond the classroom. During the visit, students gain practical knowledge about satellite communication, space technology, electronic systems, sensors, antennas, telemetry, and control systems used in space missions. They understand how the theoretical concepts learned in Electronics and Communication Engineering are applied in real-world applications. Students also learn about ISRO's achievements, ongoing research, innovation, and the advanced technologies used in the design, testing, and launch of satellites and launch vehicles. The visit enhances their technical knowledge, develops their practical understanding, and inspi
