

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

1. MONTHLY EVENTS:

- The Department of EEE, PVKKIT Polytechnic College conducted a Poster Presentation on Electric Vehicles (EVs) on 01-09-2026 for III Year EEE students.
- The program aimed to enhance students' technical knowledge of Electric Vehicles, including their working principles and applications.
- Students presented posters covering various aspects of EV technology, components, advantages, and future developments.
- All III Year EEE students actively participated with great enthusiasm, creativity, and technical interest.
- The program was informative and engaging, providing students with an opportunity to improve their technical presentation and communication skills.
