

Student Induction Programme

Day 1 / Inauguration and Academic Orientation

The first day of the Student Induction Programme began with an inauguration featuring ceremonial lamp lighting, floral tribute to Late Palle Uma Garu, and Saraswathi Vandana. Institutional leaders introduced students to the academic environment, examination procedures, evaluation methods, discipline, academic integrity, internships, industry exposure, technical and soft skills, innovation, research, values, ethics, and professionalism. Dr. K. Manohar Reddy explained the academic and examination framework, while Dr. Deepthi Jordana encouraged students to adapt confidently to college life, manage time effectively, and build positive relationships. Dr. Y. Santhosh Kumar Reddy highlighted internships and industry exposure, and Principal Dr. B. Ramesh Babu motivated students to embrace technology, innovation, research, ethics, and professional responsibility. Overall, the day established a foundation for students' personal growth.

Day 2 | Yoga, Science and Intellectual Activities

Day 2 offered a combination of wellness, academic awareness, discipline, and intellectual activities. The programme began with a Yoga awareness session conducted by Ms. Y. Mamatha, where students practiced basic asanas and Suryanamaskar while learning about posture, breathing, flexibility, circulation, energy, mindfulness, and mental clarity. Sessions on Technology Vs Science and Department Discipline Policy broadened students' understanding

of scientific thinking, academic conduct, and institutional expectations. Interactive activities, including the Logic with Magic Puzzle Game and Mind Game, encouraged reasoning, observation, teamwork, concentration, and quick decision-making. Prize distribution recognized participants and motivated others to participate actively. Throughout the day, students remained enthusiastic and cooperative, creating a vibrant learning environment. Day 2 successfully combined physical well-being, orientation, discipline, creativity, and intellectual engagement.

Day 3 | Sports and Team Spirit

Day 3 focused on outdoor sports and encouraged students to develop teamwork, physical fitness, discipline, perseverance, and sportsmanship. Boys participated in Kabaddi, Volleyball, Tug of War, and Cricket, displaying stamina, agility, coordination, strategic thinking, and competitive spirit. The matches attracted spectators. Girls also participated in Tug of War, Kabaddi, Throw Ball, and Tennikoit, demonstrating determination, quick reflexes, accurate throws, coordination, and team spirit. Faculty members supervised the events and ensured smooth organization and fair participation. The competitions provided students with opportunities to interact beyond classrooms, build friendships, and appreciate healthy rivalry. Overall, Day 3 transformed the campus into a lively sporting arena where students experienced the importance of cooperation, confidence, discipline, perseverance, fitness, and sportsmanship through competitive activities, teamwork and unity.

Day 4 | Academic Orientation and Campus Familiarization

Day 4 combined academic orientation, alumni interaction, and campus familiarization. Parallel sessions introduced students to I-B.Tech courses, emphasizing Mathematics, Chemistry, Physics, and English in engineering education and development. Faculty explained logical thinking, practical applications, scientific foundations, communication skills, problem-solving, innovation, and opportunities. An interactive session with alumnus Mr. Nithin Raj, Assistant Choreographer to Aata Sandeep in Tollywood, encouraged students to identify interests, recognize talents, build confidence, and pursue creative career paths with discipline and perseverance. Students also received guidance on active participation in academic and co-curricular activities. Campus tours familiarized students with laboratories, the library, Placement and Training Centre, and Engineering Workshop, helping them understand practical learning and support. The day strengthened academic clarity, confidence, belonging, and enthusiasm for engineering.

Day 5 | Awareness, AI, NCC and Career Guidance

Day 5 presented sessions covering road safety, science and AI, media, NCC, career guidance, and Mind Games. Mr. Sunil, Motor Vehicle Inspector, explained traffic rules, helmets, seatbelts, lane discipline, speed limits, and legal consequences of violations. Prof. R. Padma Suvarna explained the role of science in AI applications, encouraging research and innovation. Interactions with YouTubers Mr. Prashu Baby and Mr. Praveen introduced students to content creation, AI-generated videos, content writing, editing, creativity, and responsible use. NCC officers highlighted discipline, leadership, service, fitness, patriotism, and benefits. Career guidance emphasized goal setting, employability, communication, and continuous learning. English Faculty conducted Mind Games that strengthened observation, concentration, memory, reasoning, creativity, and problem-solving while providing participation. Student feedback reflected appreciation and suggestions.

Day 6 | Valedictory and Cultural Engagement

Day 6 brought the Student Induction Programme to a conclusion through inauguration, leadership addresses, interaction, photography, and cultural performances. The programme began with students, faculty, management representatives, and the Chief Guest gathering at Gandhi Bhavan, PVKKIT. Proceedings included inviting dignitaries to the dais, floral tribute to Late Palle Uma Garu, lamp lighting, and Saraswathi Vandana. Dr. T. Lakshmi Narasappa welcomed students and encouraged participation, discipline, confidence, and openness to learning. Dr. Deepthi Jordana emphasized a smooth transition into higher education and participation in college life. Dr. Y. Santhosh Kumar Reddy highlighted commitment, consistency, communication, professionalism, and effective use of opportunities. Principal Dr. B. Ramesh Babu also addressed students. Cultural activities, photography and fellowship strengthened participation, creativity, confidence, belonging, and enthusiasm.
