

Bootcamp on Smart Sensing and Signal Intelligence

The Department of Humanities & Sciences, in association with the Career Guidance Cell, conducted a Bootcamp on “Smart Sensing and Signal Intelligence” for I B.Tech students on 25th February 2025, in collaboration with TinyMind Labs. The bootcamp was organized to introduce students to emerging technologies and provide foundational exposure to smart sensing systems and signal intelligence concepts. The session aimed to bridge the gap between theoretical knowledge and practical industry applications at an early stage of their engineering education.

PVKK INSTITUTE OF TECHNOLOGY
AUTONOMOUS
Approved by AICTE, New Delhi, Affiliated to JNTUA, Anantapuramu,
Accredited by NBA & NAAC with 'A' Grade, Recognized by UGC under Section 2(f)

Bootcamp
on
Smart Sensing and Signal Intelligence

Target Audience
Ist B.Tech., Students

Date: 25.02.2026
Time: 9.30 AM- 4.30 PM

Organised by:
Department of Humanities & Sciences in Association with Career Guidance Cell

The program offered insights into sensing technologies, signal analysis, and their real-world applications across various engineering fields. Students actively engaged in the interactive sessions, which helped enhance their analytical thinking, technical awareness, and problem-solving skills. The bootcamp served as a valuable platform for strengthening industry readiness and encouraging students to explore advanced technological domains.
