

Expert Talk on AI Revolution in Education:

The Department of Humanities & Sciences at PVKK Institute of Technology successfully organized an insightful expert talk on "Empowering Academic Leaders: Navigating the AI Revolution in Education" on February 14, 2025, at 10:00 AM.

The session featured Dr. Sundaresh Biligi S, CEO of Prodemy Solutions, Bengaluru, as the keynote speaker. With advancements in artificial intelligence reshaping the educational landscape, Dr. Biligi provided valuable insights into how AI can enhance learning methodologies, streamline academic processes, and empower educators.

The talk was conducted on Webex, allowing both faculty and students to engage in an interactive session. Participants explored the potential of AI-driven tools in modern education and discussed strategies for academic leaders to embrace technological advancements effectively.
