

The Department of Humanities and Sciences conducted an awareness program on the occasion of World Ozone Day under the guidance of Dr. T. Lakshmi Narsappa, Head of the Department. The main aim of the program was to create awareness about the importance of protecting the ozone layer and following eco-friendly practices.

The event was made special by the presence of our respected Principal, Dr. B. Ramesh Babu, Vice Principal, Dr. P. Deepthi Jordan, and Administrative Officer, Dr. K. Manohar Reddy. Their support and encouragement gave great strength to the program.

The main attraction of the event was the informative session by the invited guest, Dr. Y. Muni Krishna Reddy. He gave a clear and inspiring talk on how the ozone layer protects us, why it is important to take care of the environment, and how students can play a key role in saving nature.

The program followed the theme of this year's World Ozone Day, spreading awareness among students and staff about protecting the environment and working together for a better and greener future.

The department sincerely thanks all the dignitaries, faculty members, and students for their active participation and for making the event a grand success.
